Create an initial experience report

(for PPR Students/Candidates)

1. Log in to PERT
2. Click **Create New Report**
3. Enter in the required information

Note:

- the *Start Date* refers to the student/candidate's employment start date
 - the *End Date* should not go past the date the report is submitted for verification
4. Click **Create** to save the report (PER Status = Pending Enrolment)

Next steps:

1. Confirmation of employment in a pre-approved program is required before students/candidates are able to commence reporting their experience. 2. Once the PER status indicates "In Progress" then students/candidates proceed to report their practical experience. The initial experience report may be revised, updated or edited for this purpose. Students/candidates may need to create both a prior and a current report if the PER Effective date is different than their job start date.
3. Semi-annually, students/candidates submit a Mentor Review request and meet with their mentor. Further information on mentor reviews can be found within this document under **Submit a Mentor Meeting Request**.

Create a pre-assessment report

(for EVR Students/Candidates)

Note: A pre-assessment report is the first experience report EVR students/candidates submit. It is NOT a report where duration (time) is granted. Its primary purpose is to validate whether student/candidates are in a relevant role that meets CPA's entrance requirement of achieving at least 1 technical sub-competency to a Level 1 proficiency.

1. Log in to PERT
 2. Click **Create New Report**
 3. Enter in the required information
- ### Note:
- The *Start Date* is the date you started in the position you are submitting for pre-assessment.
 - The *End date* can be left blank unless the specific end date is known.
 - DO NOT complete the *Technical and Enabling Competencies* sections
4. Click **Create**
 5. Open the report. In the *Attachments* tab, upload the following documents:
 - a. Comprehensive resumé
 - b. Job description, on Company letterhead
 - c. Organizational chart, on Company letterhead
 - d. Close the report
 6. Click on the *Profession Assessment* tab
 7. Click **Request Pre-Assessment**

8. Answer the *Candidate Declaration* by clicking on the box
9. Click **Create**

2. Once PER status indicates "In Progress" then students/candidates proceed to report their practical experience. The initial experience report will be set to *Reviewed* status and cannot be edited. Students/candidates must create a current experience to record their work experience. Some students/candidates may need to create both a prior and a current report if the PER Effective date is different than their job start date.
