

STUDENTS ENROLLED IN AN ONTARIO CPA-ACCREDITED UNIVERSITY PROGRAM

Students enrolled in an Ontario CPA-Accredited university program (as listed in Regulation 6-1 Schedule B of the [Member's Handbook](#)) should not submit a transcript assessment request directly to CPA Ontario. Transcript assessments, student registration packages and enrolment in the CPA Professional Education Program (CPA PEP) and/or Common Final Examination (CFE) will be facilitated through the post-secondary institution's accredited program faculty. Please contact your accredited program faculty or CPAAccreditedprograms@cpaontario.ca for more information on the process.

CPA-Accredited graduates are not required to submit [official transcripts](#) until completion of the graduate component of the CPA-Accredited program requirements. This may include conferral of a graduate diploma, Masters of Accounting (MAcc), Masters of Management and Professional Accounting (MMPA), or Masters of Business Administration (MBA) where applicable. CPA Ontario may require submission of [supplementary documentation](#), including transcripts from all previously attended post-secondary institutions. CPA Ontario will contact you if further documentation is required.
